Product data sheet

Automation technology - data transmission and power supply

**Product description**
- M12-B cable connector, Contacts: 5, 4.0 - 6.0 mm, not shielded, screw clamp, IP67, UL

**Area**
- M12-B series 715

**Order number**
- 99 0437 15 05

---

**Technical data**

**General values**
- Connector design: cable connector
- Connector locking system: screw
- Termination: screw clamp
- Wire gauge (mm²): 0.75 mm²
- Wire gauge (AWG): 18
- Cable outlet: 4.0 - 6.0 mm
- Upper limit temperature: 85 °C
- Lower limit temperature: -40 °C
- Customs tariff number: 85369010
- Packaging Unit: 100

**Electrical values**
- Rated current (40 °C): 4 A
- Rated voltage: 60 V
- Rated impulse voltage: 1500 V
- Pollution degree: 3
- Overvoltage category: II
- Insulating material group: III
- Insulation resistance: ≥ 10¹⁰ Ω
- EMC compliance: not shielded
- Degree of protection: IP67
- Mechanical operation: > 50 Mating cycles

**Cable data**
- Approval 1: UL

**Material**
- Contact material: CuZn (brass)
- Contact plating: CuSnZn (Optalloy)
- Contact body material: PA
- Housing material: PA

---

You can find the component part drawing and assembly instructions on the next page.

Security notices

The connectors are designed for use in plant, control system and electrical equipment. The end user is responsible for checking whether the connectors are suitable for use in other applications. Connectors with degree of protection IP 67 and IP 68 are not suitable for use under water. When used outdoors, the connectors must be separately protected against corrosion. For further information about IP degrees of protection refer to ‘Technical support’ in the Download Centre.

To lock the cable connector to the equipment connector, the threaded ring is tightened until it is ‘finger-tight’ (approx. 50 cNm).
